Versatile Wireless Panic Can Be Worn in Pendant, Wristband, Belt or Keychain Style

Stand out to your customers by offering Honeywell Home 5802WXT Personal Panic Transmitters. A great addition to home security systems, the compact, water-resistant transmitters can be worn in a variety of ways. You can offer peace of mind with the press of a button.

- Modern, sleek design helps set your offering apart
- Can be worn as a pendant, on a wristband, on a belt or keychain
- Water-resistant (can be worn in shower or bath)
- LED indication lets users know that transmission was sent
- 25% smaller than current Honeywell Home models
- One or two button keys let end-users summon designated response personnel with the press of a button
