

Wireless Keys

**Security, Comfort and Style
at Your Fingertips**

Honeywell

Easy-to-Use Portable Protection

Designed for easy, trouble-free use, Honeywell's stylish, compact Wireless Keys let you control your security system with push-button ease. Security has never been this simple—or this stylish!

Easier Operation and Fewer False Alarms

- Simple push-button arming and disarming makes operation easy for family members of all ages
- Tactile, comfortable keys are recessed and labeled with recognizable function icons—helping you select the right function without guessing
- No codes to remember

Enhanced Security

- Four buttons can be programmed with up to eight functions, including contacting the police, fire department or other emergency response personnel (Four-Button and Enhanced Four-Button models only)
- LED confirmation that transmission has been sent

Security Meets Style

- Sleek and compact—looks great on keyrings, backpacks and more
- Stylish plated, bezel design and changeable keyring—pick your colors!
 - Choice of silver, red or blue keyring with Enhanced Four-Button model only. Sold separately.

More Convenience

- Fingertip control of security system, lights, garage doors and other appliances
- Contains long-life lithium batteries (up to five years) you can replace yourself
